CUBAN RESOLUTIONS.

Three Vigorous Measures Introduced in the Senate.

ALL FOR CUBAN INDEPENDENCE.

Senators Cameron of Pennsylvania, Mills of Texas and Call of Florida Their Authors — General Maceo Not Killed, Neither Is General Weyler Wounded. More Censorship Dispatches.

WASHINGTON, Dec. 10.—Three sets of vigorous resolutions for Cuban independence furnished an interesting feature in the senate yesterday. They came from Mr. Cameron of Pennsylvania, Mr. Mills of Texas and Mr. Call of Florida, and while differing in terms, breathe the same spirit of recognition by the United States of Cuban independence.

Senator Cameron (Rep., Pa.) introduced the following resolution:

RESOLVED, By the senate and house of representatives that the independence of the republic of Cuba be and the same is hereby acknowledged by the United States of America.

RESOLVED, That the United States should use its friendly offices with the government of Spain to bring to a close the war between Spain and Cuba.

Mr. Mills (Dem., Tex.) followed the Cameron resolution at once with the following resolution:

"Joint resolution directing the president of the United States to take possession of the island of Cuba and hold it until its inhabitants can institute such government as they may wish, and organize and arm such forces as may be necessary to protect them against invasion.

RESOLVED, etc., that the president of the United States is hereby directed to take possession of the island of Cuba with the military and naval forces of the United States and hold the same until the people of Cuba can organize a government deriving its powers from the consent of the governed and arm and equip such military and naval forces as may be necessary to secure them against foreign invasion.

The Mills resolution was referred to the foreign relations committee.

Mr. Call (Dem., Fla.) followed with another joint resolution as follows:

RESOLVED By the senate and house of representatives that the United States of America recognizes the republic of Cuba as a free and independent government and accord to the people of Cuba all the rights of a sovereign and independent government in the ports and within the jurisdiction of the United States.

The resolution went to the table, Mr. Call announcing that he would speak on it at an early day.

The three Cuban resolutions came in quick succession, each being read in full, and occasioned marked attention owing to the directness and vigor of the language used by the senators.

Senator Mills, speaking of his resolution, said:

"It is in line with what I have always advocated and what I think should be done. The United States has assumed control of the island to the extent of saying, 'Here, no one else shall interfere, or take control of the island. We will fight any and all nations who set foot on the island.'

"This has been done for 100 years and here we stand holding the island for Spain and allowing the people to be butchered. We should take control of Cuba and give the people there a government."

SPANISH CANARD.

Cubans in the United States Don't Believe That Maceo Is Dead.

JACKSONVILLE, Fla., Dec. 10.—The Cubans here do not believe in the report sent out by the Spanish censor that young Gomez and General Maceo are dead. They point to the fact that Maceo has been heard from later than the date at which they say he was killed. They claim that the Spaniards would not have held the news secret for 24 hours, as intimated in the Havana dispatch, unless the Spaniards had a motive in it. They think that Maceo has cleverly outwitted Weyler and that in this as in other occasions of the kind, they report the death of Maceo to draw attention from the fact that the Spanish forces have been outgeneraled.

J. A. Hana, leader of the Florida junta, is quite outspoken and disbelieves the tale. He states that he hasn't had a word corroborative of it, and he believes that if anything of the kind had happened he would have known of it. "It is a Spanish canard," said he, "to catch congress. They reported the other day that Maceo had run off from Cuba, and now they kill him. They do this to have an effect on congress, as they are afraid that congress will pass some measure that will aid the cause more than the president's message intimated."

"Until I hear more definitely, I will still believe that Maceo is alive and able to do the enemy a deal more harm."

DON'T BELIEVE MACEO IS DEAD. Even if He Is It Does Not End the Rebellion by Any Means.

CLEVELAND, Dec. 10.—Senor A. De Arrango, the local Cuban leader, feels confident that General Maceo is not dead as reported. Speaking of the matter, the Cuban said:

"I have just received a telegram from a member of the junta which states there is absolutely no ground for the report."

"But even if Maceo was killed," continued Senor A. De Arrango, "his

death would not end the revolution. I only wish we had as good a supply of ammunition as we have of good men to carry on the war.

"I believe that the time for action by this government will depend a great deal on the campaign now being carried on between Weyler and Maceo. Should Maceo give Weyler a good thrashing, the United States government would act quickly. We expect that congress will pass a joint resolution recognizing the independence of Cuba."

NURSES GOING TO CUBA.

They Will Look After the Wounded and Sick on Both Sides.

BUFFALO, Dec. 10.—Leon M. Lynch of Buffalo and George Heath of Watertown, N. Y., professional nurses, left this city last night for Harrisburg, where they will be joined by Joseph Cox of Youngstown, O., also a professional nurse. The party will then proceed to Havana for the purpose of establishing a hospital corps for the relief of the sick and wounded. Speaking of the expedition Mr. Lynch said:

"Our sympathies naturally lie with the insurgent forces, and we intend to consult with the Cuban junta before leaving New York. If we find that we can not reach the insurgent lines, we intend going straight to Havana, and will try to secure permission from General Weyler to establish a hospital and look after the sufferers on both sides."

MACEO NOT KILLED.

Advices Received by the Spanish Legation in Washington.

WASHINGTON, Dec. 10.—Late yesterday afternoon an attaché of the Spanish legation in this city stated that the Spanish minister had received private advices that Maceo had not been killed and denied also the report that General Weyler has been wounded.

At the Cuban headquarters here no alarm is felt at the reported death of General Maceo. Second Secretary Diaz-Albertini, who is the only member of the junta now in the city, expressed himself in most positive terms that the story had no basis of truth, and was sent out for the sole purpose of influencing and, if possible, deferring action by the congress of the United States.

Lee Did Not Sail for Cuba.

NEW YORK, Dec. 10.—Consul General Fitzhugh Lee was not registered as a passenger on board the Ward line steamer Vigilance, which sailed yesterday for Havana. The general manager of the line said that no communication had been received from General Lee, directly or indirectly, regarding his return to Cuba. The next steamer for Havana leaves on Saturday.

CENSORSHIP DISPATCHES.

Judging By Previous Ones the Truth of These May Be Doubted.

HAVANA, Dec. 10.—General Aldave, reconnoitering at Maguaro and other parts in the province of Santa Clara has dispersed several groups of insurgents and has captured 120 horses.

The local guerilla force of Guenejay, in a skirmish with insurgents, killed Rodriguez, their leader.

General Melquiso has captured and destroyed insurgent positions on the heights of Ica and Jibara, Pinar del Rio, killing the commanders of the enemy in both places.

Lieutenant Colonel Martinez attacked at Flanco, Pinar del Rio, the insurgents commanded by Luis Perez. He destroyed the enemy's camp there and the insurgent position at Gilcon, where the enemy was dispersed, leaving 35 dead, including the insurgent leader.

Major Cirujeda telegraphed to headquarters yesterday that after the battle of Punta Brava he had been obliged to abandon the bodies which in the course of a reconnaissance his troops had discovered to be the bodies of Maceo and Francisco Gomez. The guide of the column said that the body looked like Maceo. Some one standing by observed that Maceo was in Pinar del Rio, but it is nevertheless believed that the bodies were those of the Cuban leaders.

Reduction in Salaries.

WASHINGTON, Dec. 10.—Senator Chandler has introduced a bill in the senate for a 10 per cent reduction in the salaries of all federal employees. The reduction shall begin on the 30th of June, 1897, and continue for three years, and shall include all officers and employees of the United States whose salaries are paid from the treasury either annually, quarterly, monthly or semi-monthly, except those whose compensation can not be diminished during their continuance in office.

Sherman Not in the Cabinet.

WASHINGTON, Dec. 10.—Among the early callers on Mr. Hanna yesterday morning was Mr. Sherman, who was closeted with the national chairman for some time before congress met. The story was revived about Mr. Sherman being offered a cabinet portfolio. It is simply a rumor without foundation, for it is decided beyond doubt that Mr. Sherman will remain in the senate, and he so expresses himself to all his friends.

Russia Secures a Coaling Station.

LONDON, Dec. 10.—According to the Berlin correspondent of The Times the Kolische Zeitung has a dispatch from St. Petersburg reporting that Negus Menelik of Abyssinia has ceded to Russia a small stretch of coast between Obok and Erythrea as a coaling station. The same authority states that Russia tried to obtain Obok from France, but without success.

Denied by Talmage.

NEW YORK, Dec. 10.—The Rev. T. Dewitt Talmage has formally denied the report that he is to marry Miss Susie Managum of Sing Sing.

OHIO IMPROVEMENTS

Doings of the State Board of Commerce.

SEVERAL RESOLUTIONS ADOPTED.

A Constitutional Convention to Be Held in 1898 Favored—Fall of a Wall in Cleveland—No Special Session of the Legislature—Result of Murder Trials—Other Ohio State News.

COLUMBUS, O., Dec. 10.—The state board of commerce held its opening session yesterday, with about 50 in attendance. Most of the session was given up to a discussion of the question, "Shall Ohio hold a constitutional convention in 1898?"

A resolution was adopted directing the officers of the board of commerce to ascertain what foreign markets are open to Ohio commodities and publishing statistics relative thereto.

Resolutions were also adopted recommending a liberal policy in improvement of lake water ways and harbors and immediate action for the survey of routes for a ship canal to the Atlantic ocean; favoring a state constitutional convention in 1898 and the establishment of a federal department of commerce and manufactures.

Mr. Dexter was elected president of the board for the ensuing year.

FALL OF A WALL.

It Caught Three Cleveland Workmen in the Debris.

CLEVELAND, Dec. 10.—A year ago fire gutted the Kimball Block, on Cedar avenue. Yesterday men were set to work to tear down the ruins. A wall toppled in and buried three men. One is fatally hurt. Charles Boyle of Hanover street will die. John Elliott of Case avenue received serious internal injuries. The third man's name is unknown. He was pulled out from under the debris, then he shook himself and walked away unhurt.

The Kimball Block was a 3-story building. A short time after it burned a section of the walls fell upon an adjoining house, killing one woman and seriously injuring another.

Verdict of Manslaughter.

ELYRIA, O., Dec. 10.—The verdict in the case of the state of Ohio against William Shepley for the murder of George Champney on June 6, was brought in by the jury at 9 o'clock yesterday morning, and was for manslaughter. The jury was out 23 hours. This case has been a very interesting one. A hundred witnesses were heard. Morris Snider, being held as the accomplice of Shepley, will be tried during the present term of court.

Boy Commits Suicide.

SIDNEY, O., Dec. 10.—A horrible suicide is reported from Maplewood, a small town in the northeastern part of this county. Harley Stockstill, 14, blew his brains out with a shotgun because his parents refused a request to accompany them to a neighbors. He placed the muzzle of a gun in his mouth and discharged both barrels, tearing his head all to pieces. The boy deliberately planned his self-destruction during his parents' absence.

He Has Skipped.

HAMILTON, O., Dec. 10.—N. A. Peterson came to this city four months ago and started a merchant tailoring establishment on High street. Last night at a late hour a wagon stopped at his store and removed his entire stock to some unknown place. Peterson and his trunk have also disappeared from his boarding place. He is known to have left no large bills excepting one for a month's rent.

Fatally Cut.

BATAVIA, O., Dec. 10.—Steve Krouse, a molder of New Richmond, was yesterday almost cut to pieces with a knife in the hands of John Donly, who claims that he has been too intimate with his wife. Krouse went to the home of Mrs. Donly and requested a conversation with Donly. Donly caught him by the throat, at the same time cutting him with a large knife. His wounds are fatal.

Ex-Senator Gear Acquitted.

COLUMBUS, O., Dec. 10.—Ex-Senator William C. Gear of Upper Sandusky was yesterday acquitted of the charge of soliciting a bribe of \$175 from Ex-Senator D. R. Gaumer of Zanesville during the pendency of a bill in the Ohio senate in May, 1894, to pay the expenses of the Iden-Gaumer contest. The other legislature bribery cases will probably never be tried.

Second Degree Murder.

DAYTON, O., Dec. 10.—Harvey Miller was found guilty of second degree murder. The jury was out eight hours. Miller on the night of May 15 shot Samuel Niswonger as he was driving away after trying to gain admittance to the house of Birdie McDonald, Miller's paramour. The girl was the principal witness. She first took the blame upon herself.

No Special Session Necessary.

COLUMBUS, O., Dec. 10.—Governor Bushnell says emphatically that he has no intention of calling a special session of the Ohio legislature. "The error in the fishery law," he said, "which permits gill net fishing in the lakes, is a serious blunder, but it would not justify the enormous cost to which the state would be put by a special session."

Flag Law Indorsed.

COLUMBUS, O., Dec. 10.—State School

Commissioner Corson has filed the preliminary portion of his annual report with Governor Bushnell. He takes strong ground in favor of the flag law and calls attention to various features of school work.

Governor Bushnell's Son Ill.

SPRINGFIELD, O., Dec. 10.—John Bushnell, only son of Governor Bushnell, who was married recently, is seriously ill of typhoid fever. Both Governor and Mrs. Bushnell have been summoned here from Columbus.

Safe Blown.

CIRCLEVILLE, O., Dec. 10.—The general store of S. P. Warner, at Deer Creek, in which the postoffice is located, was robbed last night. The safe was blown and \$100 in money was taken.

HANGING DAY.

Scott Jackson's Length of Life Will Soon Be Decided.

FRANKFORT, Ky., Dec. 10.—The date upon which Scott Jackson shall be hanged will be fixed by Governor Bradley upon his return to the capital. The day in all probability will be some Friday late in January or early in February.

Should the Walling case also be affirmed, and that is the prediction of the best attorneys familiar with the court of appeals, there is all likelihood that the two murderers of Pearl Bryan will meet death upon the same scaffold at the same time.

Lieutenant Governor Worthington, who occupies the governor's chair in the absence of Governor Bradley, has intimated that he will take no hand in the case, and any action rests with Governor Bradley.

There will be a reasonable time in which Attorney Crawford may make the customary motion for a new trial, and then the governor will sign the death warrant.

This death warrant will be sent from Frankfort to Newport by a special messenger, who will deliver it to Sheriff Plummer. It will not be until after this that active work will begin upon the scaffold in the Newport jailyard.

ACCUMULATION OF GAS EXPLODES.

Traces of Oil Are Found, Causing Much Speculative Excitement.

BROWNSTOWN, Ind., Dec. 10.—Caleb Sheets of this place employed John Boling to clean out his well, and, as a precautionary measure, to detect the presence of gas. Mr. Boling lighted some paper and threw it into the well. Instantly there was an explosion, and a blaze shot out of the well, which is 40 feet deep, making a roaring sound.

After the fire had been extinguished, oil was found on the water. There is much excitement over the find, and a further examination will be made. Several years ago the presence of oil was discovered while drilling for gas, since which time many have been strong in their belief that oil in paying quantities could be found in this locality.

SIX TRAMPS RUN AMUCK.

Eventually They Are Corralled by the Police and Locked Up.

JEFFERSONVILLE, Ind., Dec. 10.—Six tramps giving their names as John Henning, William Stakes, Frank Worman, John Moran, William McGuire and George Coleman, took possession of the lower end of this city Tuesday evening, terrorizing women into giving them money and meals.

They also took possession of the Baltimore and Ohio Southwestern sandhouse and frightened the watchmen. While there they set up some kind of an illicit rectifying apparatus and manufactured a vile drink, upon which they became uproariously drunk, threatening to kill and burn if disturbed. Late at night they were corralled by the police, and yesterday morning given short sentences in jail.

G. A. R. Encampment Dates.

INDIANAPOLIS, Dec. 10.—G. A. R. Department Commanders Caylor of Indiana and Cockran of Illinois met here yesterday to arrange for state encampment dates. Ohio and Wisconsin were not represented. The Indiana encampment will be held May 12 and 13, 1897 at Richmond, the Wisconsin encampment May 18 and 19, the Ohio encampment in June and the Illinois encampment the week after Indiana. The Central Traffic association will be asked for a cent a mile rate.

Assaulted His Prosecutor.

LOWVILLE, N. Y., Dec. 10.—John Hoch, the condemned murderer of Minnie Ingersoll was resented yesterday to be electrocuted at Auburn prison, within the week commencing Jan. 17. As soon as the sentence had been pronounced Hoch seized a heavy tumbler from the judge's bench and hurled it with great force at District Attorney Jacot, striking him over the left eye, making a bad bruise, but not seriously injuring him.

All Three Held.

CINCINNATI, Dec. 10.—Coroner Haert carefully went over the testimony in the Joy murder case, and returned his verdict. He found that Joy's death was due to internal hemorrhage following a gunshot wound in the stomach and lungs. The coroner holds that William Farrell, Patrick Muldoon and James Welton are implicated in the killing.

Foiled With an "Unloaded" Weapon. COLUMBUS, Ind., Dec. 10.—While fooling with an "unloaded" revolver at the home of Mr. Wolse, in Brown county, Miss Anna Joslin accidentally shot the baby son of Mr. Wolse, but not fatally.

DINGLEY TARIFF BILL

The Senate Decides to Take It Up For Discussion.

MANY MEMBERS SURPRISED.

Thirty-Five Votes to Take Up the Measure to Twenty-One Against It—It Created a Lively Discussion Which Was Cut Short by the Expiration of the Morning Hour Before Any Action Was Taken.

WASHINGTON, Dec. 10.—The senate yesterday by the decisive vote of 35 to 21, adopted a motion to take up the Dingley tariff bill. Unexpected and surprising as this action was, it did not have the significance which the vote itself appears to convey.

Mr. Allen (Pop., Neb.) very unexpectedly asked unanimous consent to take up the Dingley tariff bill with its pending free silver substitute. Mr. Aldrich of Rhode Island objected. Mr. Allen then moved to take up the bill. The rollcall resulted as follows:

Yeas—Republicans: Aldrich, Cameron, Chandler, Clark, Davis, Elkins, Frye, Gallinger, Gear, Hale, Hansbrough, Hoar, Lodge, McMillin, Mitchell (Ore.), Morrill, Nelson, Perkins, Platt, Pritchard, Quay, Sherman and Wolcott. Democrats—Gordon, Morgan, Murphy, Pugh, Roach, Smith. Populists—Allen, Butler, Kyle, Peffer, Stewart. Independent—Pettigrew. Total—35.

Nays—Republicans—Baker, Carter, Democrats—Blackburn, Blanchard, Daniel, Faulkner, Gibson, Gorman, Harris, Hill, Jones (Ark.), Martin, Mills, Palmer, Pasco, Turpie, Vest and Walthall. Independents—Cannon, Dubois, Mantle. Total, 21.

The announcement of the vote was no less a surprise than Mr. Allen's first move.

Mr. Aldrich quickly interposed a motion to refer the bill to the committee on finance with instructions to report back the bill without the free silver amendment. This brought Mr. Allen to his feet in an energetic protest. He said the Republican party had prevailed at the recent election and were now looking forward to effecting tariff legislation. Why, therefore, should they hesitate now? The Nebraska senator declared that the senators across the aisle did not want to take up the tariff question at all.

Mr. Chandler responded and quite a lengthy debate followed until the morning hour expired and the heated controversy went over. This leaves pending the motion to refer the Dingley bill to the finance committee, but the motion has no privilege giving it preference over other measures.

Efforts to secure an adjournment and an executive session were successfully resisted by Mr. Lodge, who succeeded in having the immigration bill taken up. He yielded, however, to a personal request from Mr. Gibson (Dem., Md.) for time to look into the bill, and then, at 2:20, the senate went into executive session and soon after adjourned.

When asked to explain the motive of his motion in the senate to take up the Dingley tariff bill, Senator Allen replied: "I had no motive except, as we used to say in the army, to feel the enemy. I wanted to satisfy myself and the country as to the attitude of the Republicans toward this measure which they have professed to be so anxious to have become a law and I think I have at least succeeded in demonstrating that they have no intention of trying to do anything."

The senator declined to say whether he would in any way revive the question, but he intimated that he probably would.

OPPOSING GERMAN INSTRUCTION.

Legislature-Elect Reynolds Will Try to Amend the School Law.

HAGERSTOWN, Ind., Dec. 10.—Hon. E. B. Reynolds, member-elect of the legislature from this county, besides having in contemplation some amendments to the temperance law, will introduce a bill at the coming session, the opposition to which will probably be bitter if not formidable.

The German language is being studied in 183 of the common schools in this state. Mr. Reynolds believes that only English should be taught in the common schools, and to that end will propose the enactment of a law prohibiting the teaching of any language other than English in any common school in the state.

The Massachusetts Eclectic Medical society has decided to admit women.

Flouring Mill Burned.

WARSAW, Ind., Dec. 10.—The Bigler flouring mill, owned by James Bigler of this city, has been destroyed by fire. About 5,000 bushels of wheat and 400 barrels of flour were consumed, together with much valuable machinery and other property. The fire originated from a hot-box on an upper floor. The loss is \$10,000, with no insurance, the policies having expired four weeks ago. It was the first mill built in northern Indiana, and was long known as the Monoquet Wales mill.

Found Dead in His Buggy.

LEBANON, Ind., Dec. 10.—Yesterday evening about 6 o'clock, John Piersol, a farmer living south of town, was found dead in his buggy on the road, two miles out. There is no evidence of foul play, and it is supposed that his death was due to heart failure. Piersol was the man who, about eight years ago, was sent to the penitentiary for four years for whipping one of his children to death.

I LOVE my country so much, I love mankind so well that I shall rejoice if the result of the late campaign proves I was wrong and my opponent was right. Because if he can make the government better than I could have made it, then my children and your children will enjoy the benefits.—William J. Bryan, in his speech at Denver, November 24.

These are not the words of an anarchist, but of a broad-minded patriot, who loves his country more than his own selfish interests. They put to shame the men who denounce him.

TAKEN in time Hood's Sarsaparilla prevents serious illness by keeping the blood pure and all the organs in a healthy condition.

WILLARD NICHOLS and Hattie May Horon, of this city, were married Wednesday.

LITTLE WILLIAM GILL is critically ill at the home of his parents, Mr. and Mrs. W. R. Gill, of Washington.

The question as to whether street cars shall be run on Sunday in Toronto, Canada, is to be submitted to the popular vote.

STOVES have been replaced in the electric ears, and one can keep almost as comfortable in them now as in his own home.

MR. JAMES ADAIR has bought ten acres of land near Paris for \$1,350. It has a comfortable dwelling and about 1,200 fruit trees.

THE Court of Appeals has decided the Kentucky whisky-tax law unconstitutional, and said that the tax must be paid annually. The law provided that whisky should be exempt from taxation until taken out of bond.

REV. A. E. ZEIGLER, of Huntington, formerly of Orangeburg, is engaged in a very successful meeting at South Portsmouth. Twenty converts were baptised Sunday in the river at that point and at the Sunday night services there were five more confessions. The meeting is conducted in a school house.

LOVELL, the leading grocer, is out to-day with his holiday specials. His advertisement elsewhere contains good news for all. Read it and when you want anything in his line don't fail to call on him. His large store is stocked with the very best the markets afford, and his prices cannot be successfully met.

HON. A. P. GOODING, one of the trustees of the A. and M. College of Lexington, attended the semi-annual meeting of the board this week. The report showed an increase in the attendance at the school for the current year of twenty per cent. as compared with that of last year. The college is in good financial condition.

DR. R. E. CARLTON, of Bethany, Owen County, has invented a reversible mowing machine which he thinks will revolutionize the mowing business. The machine works right and left like a hillside plow and is easy to manipulate. A patent has been applied for, and the inventor expects to have the mowers on the market next year.

GOV. BRADLEY gives out an interview in reply to the latest card from Judge Beckner, in which the Governor is criticised for not calling an extra session and is held responsible for the failure to check the lawlessness of the turnpike raiders. The Governor defends his course and concludes with the statement that he will call an extra session whenever he thinks it should be done and not before, and adds that he has received no advice or suggestion from Canton.

Bucklen's Arnica Salve.
 The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. James Wood.

A Card.
 I wish to say to my friends and patrons that, owing to the hard times and slow sales, I have been compelled to assign my stock of goods, consisting of books, toys, millinery, dolls and notions. These goods are all new and fresh and will be closed out by the assignee at prices so low that none can complain. All I ask of my friends now is to stand by me as faithfully as they have heretofore. Come and see the stock of goods offered for sale, and I am satisfied none will go away without purchasing, thus enabling me to overcome the trouble that I am now in. Respectfully,
 ANNA M. FRAZER.

The New Rooms to be Formally Opened Friday Evening.

**The New Quarters Elegantly Fitted Up.
Business Transacted by the Board
of Directors Yesterday.**

The formal opening of the elegant new quarters in the Zweigart Block to-morrow evening will prove an important event in the history of the Young Men's Christian Association of Maysville, and it is hoped the men and women of the city will make it a point to attend this reception and inspect the new rooms.

From 7 to 7:30 will be devoted to the reception of visitors. From 7:30 to 8:30 the formal exercises of the evening will be held, and then from 8:30 to 9:30 will be a social hour during which all will have an opportunity to inspect the new rooms.

The formal exercises of the evening will be held in the gymnasium on the third floor, which will be provided with seats for the occasion. The program will consist of prayer by Rev. Dr. Hays, address of welcome by the President, Mr. William H. Cox, and short addresses by Rev. S. D. Dutcher, Secretary Wilcox of the Frankfort Association, and General Secretary Canfield, the addresses to be interspersed with music, a feature of the musical program being some vocal selections by a male quartette.

A cordial invitation to attend this formal opening and reception to-morrow evening is extended to everybody, except children under fifteen years of age. On Saturday afternoon from 3 to 5 p. m. a reception will be held for children and all the girls and boys of the city are cordially invited to attend this latter reception and inspect the rooms.

The new rooms are located on the second and third floors of the Zweigart Block. Ascending the stairway, the visitor on turning to his right will find the General Secretary's office, which is also used for the innocent games the members are allowed to indulge in. There is also a private office fitted up in this room for the General Secretary. To the left of the stairway is the reading room and then the parlor, the two being connected by sliding doors. The reading room is fitted up with a large oak center table, book cases, paper files and racks, and Assistant Secretary's desk. In addition to the necessary furniture, an elegant piano has been secured and placed in the parlor. This room will be used for the educational classes and for the meetings of the directors and committees.

The entire third floor is taken up with the gymnasium and bath rooms. The outfit embraces the latest and best in this line.

The rooms on the second floor are elegantly carpeted and handsomely fitted up with all necessary furniture, the association being largely indebted to the Women's Committee for valuable assistance in making the rooms so attractive.

The monthly meeting of the Board of Directors was held Wednesday afternoon, President Cox in the chair.

The Executive Committee reported that the hours for keeping open the new quarters had been fixed as follows: On week days 9 a. m. to 10 p. m.; on Sundays 2 p. m. to 5 p. m. The committee has also adopted a rule prohibiting the use of tobacco, in any form, in the new rooms, and has also employed Mr. H. C. Curran as assistant to the General Secretary.

On motion of the Financial Committee the following was adopted:

To the Friends of the Y. M. C. A.: The Board of Directors give notice that the permanent quarters of the Y. M. C. A., Zweigart Block, will be open for the use of members Monday, December 13, 1896. At the meeting of the Board Wednesday afternoon the publication of the following was recommended: An expenditure of much of the funds subscribed will be necessary to liquidate the obligations incurred in fitting up the rooms. In order to do this, all who have made subscriptions will please come forward and pay same, in full, if convenient, or as large a part as possible. If this does not meet with a response some member of the committee will call on you in a few days.

JOHN DULEY,
 Chairman Finance Committee Y. M. C. A.
 The Educational Committee has decided to establish classes in book keeping, penmanship and stenography, if the necessary arrangements can be made.

The Physical Work Committee reported that Dr. C. C. Owens and Dr. P. G. Smoot had kindly agreed to act as medical examiners.

The Membership Committee reported fifteen new members since last meeting. The Directors unanimously adopted a resolution thanking President Cox for the many favors he has shown the association the past few years and especially for the use of the temporary quarters in the Cox Building, so generously granted by him free of charge.

A motion was unanimously adopted

Mothers Friday's Cash Sale

Anxiously watch declining health of their daughters. So many are cut off by consumption in early years that there is real cause for anxiety. In the early stages, when not beyond the reach of medicine, Hood's Sarsaparilla will restore the quality and quantity of the blood and thus give good health. Read the following letter:

"It is but just to write about my daughter Cora, aged 19. She was completely run down, declining, had that tired feeling, and friends said she would not live over three months. She had a bad

Cough

and nothing seemed to do her any good. I happened to read about Hood's Sarsaparilla and had her give it a trial. From the very first dose she began to get better. After taking a few bottles she was completely cured and her health has been the best ever since." Mrs. ADDIE PECK, 12 Railroad Place, Amsterdam, N. Y.

A Chilling Frost.

[Washington Special Chicago Times-Herald.]
 There was one Senator who had no flowers. His desk was bleak and bare. No golden rod, no chrysanthemum, no violets, no roses were offered by admirers to perfume the air in the immediate vicinity of brave old Senator Palmer, of Illinois. What is more, the ancient Senator was studiously neglected by his Democratic friends. If there had been flowers on his desk they would have wilted beneath the chilling effect of the frost which surrounded him. The only silver Democrat who lowered his dignity sufficiently to address the late candidate of the gold Democracy was Senator Pasco, of Florida, and he couldn't help himself, as his seat is next to that of General Palmer.

We have been planning for months to make our store and stock ideal ones and believe we have to-day the best appointed jewelry store and carefully selected stock to be found in the State. You will make a mistake if you don't look here before deciding on your Christmas presents.

BALLENGER.

Cupid breaks his bow at the sight of a face full of pimples. Hollow cheeks, sunken eyes, and a sallow complexion will defy his best intentions. Beauty is more than skin deep. The skin is merely the surface on which is written in plain characters the condition of the body. Dr. Pierce's Golden Medical Discovery is good for the complexion because it makes the whole body healthy—because it clears and purifies the blood, makes the digestion strong and clears out impurities of all kinds. By increasing the ability to assimilate nutritious food, and by the infusion of its own ingredients it enriches the blood and so makes solid, healthy flesh. It cures diseases of the lungs, liver, stomach, bowels, skin and scalp, simply because all these diseases spring from the same cause—a disordered digestion and consequent impure blood.

There is no literature that gives more pleasure to the reading public than the sayings of the honest advertiser. It touches the heart of every toiler, because it means a saving of dollars and cents of hard earned money. For TO-MORROW we shall put your judgment to a test. Offerings are of such an extraordinary character that will speak volumes for our ability to do what we promise.

PILLOW CASES—Size 36x45 inches, made of the best, bleached Utica cotton, seamless, at 15 cents. You could not buy the cotton for the money and if you are out for the Simon pure, real thing bargain article, don't fail to drop in and purchase some of them.

LINEN DAMASK TOWELS—Size 27x48 inches, knotted fringe, some with handsome deep colored borders, some plain white, and others hemstitched; not a Towel in the lot that is not worth 50 cents. Friday's price, 25 cents.

The close proximity of the holidays should make this offering particularly desirable.

It is reported that the Chesapeake and Ohio Railway is negotiating for the purchase of the Eastern Kentucky railroad. The Eastern Kentucky runs from Greenup south to Webbsville, in Lawrence County, a distance of thirty-seven miles. The Lexington division of the Chesapeake and Ohio crosses the line four miles south of Grayson. The Lexington branch of the Chesapeake and Ohio runs over the Ashland Coal and Iron railway from Denton, a few miles east of the junction with the Eastern Kentucky, to Ashland. The traffic arrangement with the Iron railway expires the coming year, and it is said the object of the Chesapeake and Ohio is to buy the Eastern Kentucky and run the Lexington division trains through via Riverton instead of renewing the lease with the Iron road.

MRS. ELIZABETH JOHNSON.

Death Claims Another One of Maysville's Old and Esteemed Citizens—Passed Away Last Night.

Mrs. Elizabeth Johnson died last night at 11 o'clock at her home on East Sixth street, after an illness of several weeks resulting from the infirmities of old age. Deceased was a native of Maysville, was born in 1814 and lacked but three days of being eighty-two years old. She was a sister of the late Joseph Frank, and the widow of the late Jesse D. Johnson. Four children survive her,—Messrs. William and Joseph Johnson, Mrs. James Newdigate and Miss Mollie Johnson. She leaves three grandchildren and one great-grandchild.

Mrs. Johnson was one of the oldest members of the Christian Church, and was a woman who enjoyed the esteem and love of all who knew her.

The funeral occurs to-morrow (Friday) afternoon at 1:30 o'clock at the residence, with services by Rev. S. D. Dutcher. Burial in the Maysville Cemetery.

Burley Tobacco Sales.

Mr. Noel has bought about 30,000 pounds of Montgomery County tobacco at 1 1/2 to 7 1/2 cents.

The Owingsville Outlook reports the following sales of Bath County crops to J. M. Richart: On Salt Well, J. J. Treadway's and John Carter's at 4 1/2 cents; George Templeman's at 5 cents; Newton Cassidy's at 5 1/2 cents; D. Carmichael's at 5 1/2 cents; on Prickly Ash, Tilford Horseman's at 5 cents; Thomas Markland's—one barn at 4 cents and one barn at 5 cents; Henry Sorrell's—one barn at 5 cents and one barn at 5 1/2 cents.

Compressed Air Cheapens Work.

The Chesapeake and Ohio has ordered two new air compressors. They are to be used at the shops at Huntington, W. Va., and at Richmond, Virginia.

Compressed air is now used at the Huntington shops in operating a transfer table. On account of the number of men required it costs to put an engine in the shops \$8. With the use of the air compressor the same work is done for 50 cents. Compressed air has been used at the Huntington shops for some time for the painting of freight cars.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Company only, and sold by all druggists.

ENGINE No. 70, of the C. and O. F. F. V. passenger service, is in the Huntington shops for general repairs, after being in service for over two years, and having in that time run almost 130,000 miles. Engine No. 71, which makes the opposite run, is still in good condition and bids fair to run 175,000 miles before being sent in for general repairs.

BUILDING ASSOCIATIONS.

Judge Settle of Warren County Renders An Important Decision Affecting Their Interests.

[Louisville Post.]

A decision of Judge Settle, of Warren County, rendered last week, will prove a hard blow to the building and loan companies of the State if his decision is affirmed by the Court of Appeals. The ruling was made in the case of Carter vs. the Globe Building and Loan Association, and declares section 864 of the Kentucky statutes unconstitutional because of the usury contained therein.

The opinion, after declaring the power of corporations to reorganize under the new statutes, says "the Court of Appeals has never construed section 864, but has repeatedly held such transactions as are attempted to be legalized by it to be usurious and illegal. * * * The fact that the money is loaned by the corporation to one of its members can make no difference. The entire transaction is against the letter and spirit of the statute against usury.

"It is certain that those who fail to borrow prosper under the workings of this association, but they do so on the needs and misfortunes of their fellow members."

The decision further says section 864 is unconstitutional because it is a special act to violate the rate of interest. The case has been appealed, and will be watched with much interest.

JUDGE DURELLE of the Court of Appeals says the court is away behind, and the indications are that it will never catch up unless the Judges are given clerical assistance. He says half of their time is consumed in purely manual labor, such as copying, etc. He also thinks it would be a good idea for the Judges to be given the power to decide cases from the bench, in which event they could always be up with their docket. This has been done in Tennessee. It is thought an attempt will be made at the next term of the Legislature to have a law passed giving them at least clerical assistance.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

ROSENAU BROS

LIEUTENANT GOVERNOR WORTHINGTON has pardoned Jo. Brown, of Anderson County, for the killing of Polk Moffett, on Christmas eve, 1893. The pardon is a little out of the ordinary, because of the fact that Brown has never been convicted of the charge, and is now out on \$4,000 bail. He was tried last April, and given ten years by the jury, but it afterwards developed that some of the jury had been drinking whisky during their deliberations, and Judge Carroll set the verdict aside, and ordered the case continued. Soon after this an attempt was made to get Gov. Bradley to pardon Brown, but it is understood that he refused.

TRAIN HELD UP.

The Express Car Dynamited but the Highwaymen Did Not Secure Anything.

ST. LOUIS, Dec. 10.—The Iron Mountain fast express train outgoing was held up one mile from the Union station, within the city limits, last night at 9:30 by six masked men. One of the men stood in the center of the track and waved a red lantern, signifying that danger was ahead. The engineer stopped the train, and no sooner had he done so than two masked men jumped on the engine cab and presenting revolvers, told him to hold the engine still on pain of death. Two of the other robbers made for the express car, while the remaining two stood guard outside.

The two robbers who went to the express car demanded admittance. Express Messenger W. J. Egan refused to let them in. They threatened to kill him if he did not, and this failing, they placed a stick of dynamite at the car door and blew it to pieces and badly shattered one side of the car. Fortunately it was a through car and the money was in a time-locked safe. Finding it useless to try to blow this open, the robbers jumped off and notified their companions on the engine that they had failed to get anything.

Conductor William Hall came forward to find out what was the matter. He was met by one of the thieves, who, pointing a revolver at his head, ordered him to go back on the train. The thieves finding they could get nothing left and Engineer William Green pulled out at full speed.

The place where the robbery occurred was at Bates street crossing. There is a deep cut there and the noise of the exploding dynamite was smothered by the cliffs at each side of the track.

The passengers on the train were in no way disturbed and it was half an hour before any one realized what had happened.

As soon as the matter was reported at the Central station every detective on hand was called into service and under instructions from Chief of Detectives Desmond sent out on the case. The conductor telephoned in a description of the men as near as he could, but owing to the fact that they all wore masks, it was but meager.

Word was sent to every police officer on duty in the city to be on the lookout for suspicious characters. Officers out duty were called in and sent out to search every tough resort in the city where thieves are known to hang out.

The robbers had planned well the job, for within two minutes after they had disappeared from view and were lost in the crowds of the city. For boldness the robbery has no equal in the annals of train holdups in Missouri. It is believed by the police that the three men who recently entered the office of the Home Brewing company in broad daylight and bound and gagged the office employees and got away with \$1,000, were leaders in the job.

Assaulted by a Beggar.
CINCINNATI, Dec. 10.—Alice Thomas, aged 20, of 415 East Front street, was taken to the city hospital with a scalp wound and a cut across the brow. She said she had been assaulted by a beggar to whom she had given something to eat. After he had eaten the meal he struck her on the head and cut her brow with a knife. Her wounds are not serious.

Maimed For Life.
CROWN POINT, Ind., Dec. 10.—Peter James, a farmer, living near Lake station, north of this city, has proven another victim of the husking machine. While feeding the machine his right arm was caught and ground into a pulp. The wounded member had to be amputated to save his life. Mr. James is a well-to-do farmer of Lake county, having owned and lived upon his present farm for the past 25 years.

Millionaire and Pauper.

A comparison of some census figures shows startling effects in the distribution of wealth to population in this country. Rhode Island as an agricultural section is perhaps the poorest part of the Union. Yet the gain in wealth made by Rhode Island between 1880 and 1890 was \$41,000,000 greater than that of Mississippi, South Carolina, Indiana and Illinois all put together.

The same condition holds good of every part of New England, which is the poorest section of the country agriculturally. Massachusetts alone gained in wealth \$11,000,000 more than ten of the southern and western states gained unitedly, although these states have nine times the population of Massachusetts. New York gained in wealth \$7,000,000 more than the combined increase of 16 of the most productive agricultural states of the Union. All the northern Atlantic states made a like tremendous gain as compared with the rest of the Union.

The other side of the picture is that in the very states which grow in wealth so rapidly pauperism increases just as rapidly. The state of New York is so wealthy that year before last its riches increased more than \$100,000,000. Yet this same New York contains nearly one-seventh of all the paupers in the country. In the three states of New York, Pennsylvania and Massachusetts, where the largest fortunes of the country are concentrated, the pauper rate is twice as high as in the agricultural states. Splendid wealth and abject poverty walk hand in hand and with equal step. One grows as the other grows.

An Expensive Smoke.
WINSTON, N. C., Dec. 10.—The tobacco manufacturing plant of the Brown Brothers Tobacco company, one of Winston's oldest firms, was destroyed by fire at 3 o'clock yesterday morning, entailing a loss of \$150,000, with \$85,000 insurance.

Treasury Statement.
WASHINGTON, Dec. 10.—Yesterday's statement of the condition of the treasury shows: Available cash balance, \$225,921,442; gold reserve, \$133,049,102.

Indications.
Fair weather; slightly warmer; brisk to high west winds.

MRS. MCKINLEY GOING TO CHICAGO.

She Will Take a Short Visit For Rest and a Change of Scene.

CANTON, O., Dec. 10.—Mrs. McKinley, wife of the president-elect, will leave Canton for the first time for several months, going to Chicago this evening via the Pennsylvania lines. She will be the guest of Captain and Mrs. Lafayette McWilliams at their Lake avenue home in Chicago. Mrs. McWilliams is a cousin of Mrs. McKinley and has frequently entertained the McKinnleys at her Chicago home. Mrs. McKinley was the guest of Captain and Mrs. McWilliams during the Minneapolis Republican convention in 1892 and with the governor visited them during the world's fair.

Captain and Mrs. McWilliams assisted at the inaugural reception at Columbus when Major McKinley was first elected governor of Ohio. Captain McWilliams has been visiting the McKinnleys and other relatives here for several days. It is not known how long the visit to Chicago will continue, but it possibly will be for a week or so. Mrs. McKinley goes for rest and change of scene. She has been at Canton all summer and it is hoped the visit will be beneficial to her. Major McKinley will remain at Canton during Mrs. McKinley's absence.

TO CRUSH THE SULTAN.

The Three Big Powers About to Settle Turkish Affairs.

LONDON, Dec. 10.—The Birmingham Post confirms the repeated statement on the same subject cabled to the Associated Press during the past two months, in saying that it learns from a high quarter that an understanding has been arrived at between Great Britain, Russia and France for the settlement of the so-called eastern question, which has for generations been troubling the statesmen of Europe.

The Post adds that the Russian Black sea fleet and the British and French Mediterranean fleets will shortly be mobilized in contiguity with the Eosphorus and Dardanelles in order to enforce, if necessary, the reforms which the embassies of three powers are about to present to the sultan, and to which the other signers of the Berlin treaty, Germany, Austria and Italy, have consented.

The Daily News added that the project provides for the sultan retiring from the rulership of Turkey.

LAID TO REST.

Funeral Services Over the Remains of the Late John R. Fellows.

NEW YORK, Dec. 10.—The funeral of the late Colonel John R. Fellows took place yesterday afternoon. After private services at the family residence, the casket was taken to the Church of the Intercession. A squad of police acted as escort from the house to the church.

Justices Van Brunt, Smith and Barrett and Judge Cowing walked on either side of the hearse. The other pallbearers followed. Former Secretary of the Navy William C. Whitney walked with Commodore Gerry, and Edward Lauterbach and Richard Croker walked side by side. After the pallbearers came the members and attaches of the district attorney's staff, the judges and clerks of the court of general sessions and prominent Tammany leaders.

The regular Episcopal service for the dead was read in the church. The interment was in Trinity cemetery.

CHIPPEWA ICE GORGE.

Damage Suit Will Probably Fix Its Responsibility.

EAU CLAIRE, Wis., Dec. 10.—T. F. Frawley, a leading attorney, city engineer and alderman, and several experienced rivermen have finished a two days' survey of every inch of the Chippewa river between Eau Claire and Chippewa Falls. They have taken many photographs and have a complete plan of the river and adjacent territory.

This was a measure of precaution, in view of the persistent rumors that Chippewa Falls parties were preparing to bring suits for heavy damages against the Dells Improvement company of this city, and the city of Eau Claire on the ground that they were responsible for the ice gorge. This survey shows that, while the river is icebound nearly all the way, the gorge that caused the trouble was at Chippewa Falls.

Altgeld's Reasons For a Pardon.

SPRINGFIELD, Ill., Dec. 10.—Governor Altgeld gave his reasons for pardoning Henry Schwartz, serving a life sentence in Joliet prison, convicted in 1887, with Watt, of murdering Express Messenger Kellogg Nicholas and securing \$20,000. The governor states that Watt died in prison; the prison physician states that Schwartz has been in the hospital a year with a complication of diseases which will cause death. The evidence against Schwartz was purely circumstantial and the governor believes Schwartz innocent.

Many think

when it was said to the woman: "In sorrow shalt thou bring forth children" that a perpetual curse was pronounced, but such is not the case. True, dangers lurk in the pathway of the expectant mother and should be avoided.

"Mother's Friend"

so prepares the system for the change taking place that the final hour is robbed of all danger and pain. Its use insures safety to the life of both mother and child, and makes childbirth easy and recovery more rapid.

"Mother's Friend" is the greatest remedy ever put on the market, and my customers praise it highly. —W. H. KING & CO., Whitewright, Tex.

Sent by Mail, on receipt of price, \$1 PER BOTTLE. Book "To Expectant Mothers" mailed free. THE BRADFORD REGULATOR CO., ATLANTA, GA. SOLD BY ALL DRUGGISTS.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
